TORRES

TORRES

CRAFTED TO UNEXPECTED

KGM®, a modern mobility brand fuelled by the luxury legacy of SsangYong. This acronym changes what we stand for and sets us on the path towards advanced electrification, autonomous driving, and greater mobility for all.

KGM. SOUTH KOREAN BORN. FUTURE BOUND.

The first vehicle to proudly take the KGM badge to the New Zealand streets is the all-new TORRES™. The TORRES is the perfect embodiment of everything KGM stands for. A Key Ground-breaking Moment in the future of mobility. Radical refinement. Meticulous mechanics. Audacious spaciousness.

TORRES

PERFORMANCE

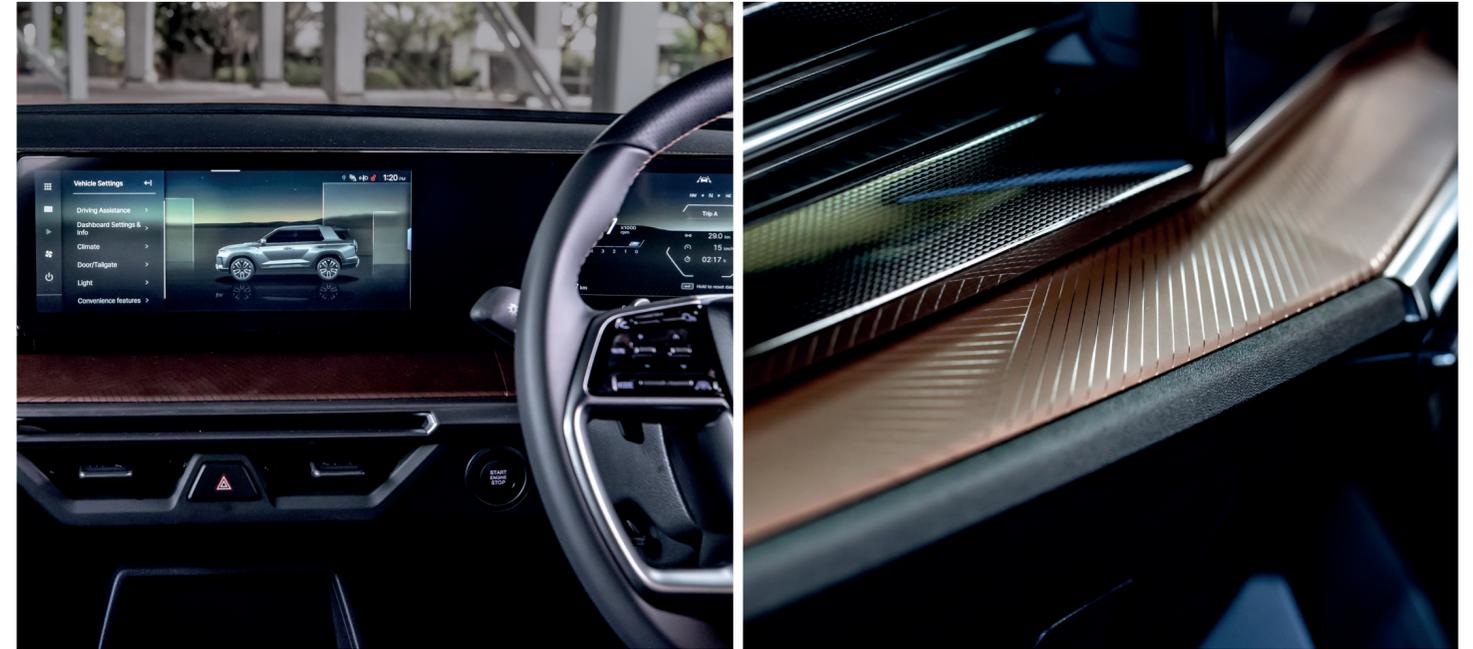

Wherever your next journey takes you, you'll enjoy the drive with TORRES. Feel the fun driving and control you get from the optimised normal, sport and winter driving modes with the automatic transmission.

*Accessorised model shown.

TORRES

TECHNOLOGY

Integrated seamlessly into the harmonious and ergonomic interior design, TORRES minimises the use of physical controls while ensuring clear communication, ease of operation and convenience by presenting information on two separate 12.3-inch displays that are intuitive and easy to use. This dual digital display cluster and infotainment controls are designed to present driving information in a manner that aligns with consumers' preferences. This "wrap-around" style display provides a comprehensive range of data, allowing users to adjust safety, comfort, and technological features easily.

What makes the new TORRES different from the crowd? Almost everything. In a world of SUV sameness, it is unique. Its interior and exterior design, its comfort and safety, its handling and performance are all exceptional. This is one very sharp and stylish SUV.

TORRES

DESIGNED FROM THE GROUND UP

For anyone who loves driving, a vehicle is always much more than a means of simply getting from A to B. The new TORRES has multiple advanced driver interfaces which use faster, smarter, effortless technology to evolve the way you drive. These intuitive systems also allow you to enjoy maximum comfort at the touch of a touch screen.

The new TORRES delivers impressive fuel economy, torque, safety and driver feedback. There's even a heated steering wheel to make those winter morning coffee runs less arduous. See, we've thought of everything.

TORRES

DRIVE WITH CONFIDENCE

TORRES delivers best-in-class safety - no compromise. With a best-in-class 8 airbags and the highest utilisation of high-tensile steel plate, the safety of driver and passengers is assured. And there is a seatbelt reminder alert for all five seating positions to ensure every journey is safe from the moment the car starts.

Wherever the spirit of adventure takes you, get there and come back safely. By fusing innovative intelligent technology into an original and authentic looking SUV, the KGM TORRES delivers a comprehensive suite of state-of-the-art driving assistance features, making it one of the safest and most relaxing cars to drive and travel in.
